Black Sheep Added Power To Field In January 2008

By the end of the week, Black Sheep will be with electrical power. Thanks to James Snuggs and Charlie Davenport for their efforts in getting this done. For those pilots whom fly from dawn until dusk will now have light to guide their way out. Thanks again!

Black Sheep Inventory :

If you have items that belong to the club please let me know. I am not asking that you return them if you still are using them. If not they need to be returned to field so other members can have access to these items. If you have club property and are still using it please e-mail or call me so I can get a list of who has what. I would like to thank you all in advance for your corporation.
